OBJECTIVE

Mechanical Engineering graduate transitioning into software development, seeking an entry-level Software Engineer role at a dynamic tech company. Eager to leverage hands-on experience in Java, web technologies, and API integrations to contribute to innovative projects while growing in a collaborative, fast-paced environment.

TECHNICAL SKILLS

- **Programming Languages:** Java, C
- **Web Development:** HTML, CSS, JS, Servlet
- **Database:** MySQL

EXPERIENCE

- | | |
|--|---------------------|
| Intern
<i>Zoho School of Graduate Studies</i> | Sep 2025 – Jan 2026 |
| <ul style="list-style-type: none">• Acquired practical full-stack skills in HTML, CSS, JavaScript, and Java through real-world projects while exploring system design patterns to build efficient, scalable, and ethical software solutions. | |
| Trainee
<i>Yelobase</i> | Feb 2025 – May 2025 |
| <ul style="list-style-type: none">• Developed custom solutions using Zoho API and Deluge to automate workflows and boost efficiency. | |
| Incubation Trainee
<i>Zoho</i> | Jul 2024 |
| <ul style="list-style-type: none">• Honed problem-solving and algorithmic skills via foundational software engineering training. | |
| Graduate Engineer Trainee
<i>Wheels India</i> | Sep 2023 – Mar 2024 |
| <ul style="list-style-type: none">• Inspected wind turbine components for quality, identifying defects and suggesting improvements.• Documented findings to support compliance and process optimization. | |

PROJECTS

- | | |
|---|--|
| Payroll Management System
<i>Web App</i> | <i>Html, Css, Js, Java, Servlet, MySQL</i> |
| <ul style="list-style-type: none">• A web-based Payroll Management System that manages employee records and automates salary calculations using Java Servlets and MySQL. It provides a secure and user-friendly interface for payroll processing and reporting. | |
| Student Management CRUD System
<i>Console Application</i> | <i>Java, MySQL</i> |
| <ul style="list-style-type: none">• Built responsive app for student records with full CRUD ops, streamlining data management. | |
| Natural Fiber Composites Evaluation
<i>B.E. Final Project</i> | 2023
<i>Mechanical Eng.</i> |
| <ul style="list-style-type: none">• Tested waste fruit fibers in polymers for sustainability, assessing strength and eco-impact. | |

EDUCATION

- | | |
|--|------------------------|
| Thanthai Periyar Govt Institute of Technology
<i>B.E. Mechanical Engineering</i> | 2019–2023
8.49 CGPA |
| Sri Ramakrishna BHEL Higher Secondary School, Ranipet
<i>HSC</i> | 2019
84.6% |
| Government Higher Secondary School, Vannivedu Mottur, Walajapet
<i>SSLC</i> | 2017
95.8% |
